BUG REPORT

Bug Name	Password (error handler not working)
Bug ID	1
Area Path	My Profile > Edit > Password
Build Number	Version 1.0
Severity	Low (High/Medium/Low) or 3
Priority	Low (High/Medium/Low) or 3
Assigned to	Developer
Reported By	Siti Kuni Taibah Imam Syafii
Reported On	19/1/2021
Reason	Defect
Status	New
Environment	Chrome Web Browser 76.0.3809.132

Bug Description:

As an admin, they can update the profile and password in their own account. From the dashboard, on the 'My Profile' page the admin can edit their profile by clicking on 'Edit' and will navigate to the 'Edit Profile'. The admin can update any new password without the scale of password security level and if the admin does not update any new password and leave it blank and directly click 'Submit' it will automatically save a new password as a blank.

Screenshots:

The screenshot displays the 'Edit Profile' interface of the 'Smart Residence' application. At the top, a dark header bar contains the 'Smart Residence' logo and a 'Logout' link. The left sidebar, titled 'NAVIGATION', lists various user options: 'My Neighbourhood', 'My Profile' (highlighted), 'Residents', 'Sub-Management', 'Asset', 'Event', 'Facility', and 'Feedbacks'. The main content area, titled 'Edit Profile', contains a form with the following fields: 'Username' (pre-filled with 'amirulamri'), 'Email Address' (pre-filled with 'amirulariff8888@gmail.com'), 'Full Name' (pre-filled with 'Mohamad Amirul Ariff Bin Mohamad Yusof'), 'Contact' (pre-filled with '012-3456789'), and 'Password' (with a placeholder 'New Password'). Below the form are 'Submit' and 'Cancel' buttons. The footer shows 'Smart Residence © 2019' and 'Design by Bootstrapious'.

Steps To Reproduce:

1. Admin login into the dashboard
2. Navigation > My Profile
3. My Profile > My Neighbourhood Edit
4. In 'My Neighbourhood Edit' the admin can view the current of their information. Only the password in the blank.

Expected Result:

Error handler was not working with the password features. First, if the user did not make any changes in the password it should stay in the current password not automatically generated as a blank password.
